Junior Achievement™ of Kansas

Junior Achievement of Kansas:

Junior Achievement helps young people see what's possible—and build the skills to take their next step with confidence.

In Topeka, Lawrence, and across northeast Kansas, we connect K–12 classroom learning to real life through hands-on experiences in managing money, exploring careers, and thinking like an entrepreneur. With support from local volunteers and business partners, students discover their strengths and prepare for milestones such as their first job, further education, and everyday financial decisions. Serving Kansas since 1957, we're approaching our 70th anniversary with our focus firmly on students' futures.
